

MeadHall September 2022 Newsletter

Hello folks,

August ended up mostly hot, but there at the end we started to see at least a cooldown into double digits instead of triple 😊 The Ellifritz Tactical First Aid and System Collapse Medicine course was full with a bit of a waiting list which pleased me greatly, but we were a bit light on the Groundfighting course...so some of y'all missed out. 😊 Season is getting started, and we still could use a few more for both Defensive Handgun with John Farnam and Teaching Women to Shoot with Vicki Farnam. Unfortunately we didn't have enough for the Reston class to go so that was cancelled, however we are going to get Jared in here another time. We still have Sentinel Concepts coming up with Practical Urban Carbine and Critical Shotgun. Of note, for those of you that may be LE or that want to shoot a bit further out than 100 yards, I highly recommend Practical Urban Carbine. You get some position work and knowledge about making shots out to 300 with the tools to get that practice in going forward. There is an officer in Uvalde that about now wishes he would have gotten training like PUC.

You will see a couple of pictures attached to this newsletter at the bottom to show you some of the stuff we have been doing out here instead of just telling you about it. 😊 The new steel and stand storage setup, the drive thru target shed setup, and the shade extension/seating area upgrades are in the attached pictures. I have also included a good few more of the dates we have agreements for next year And added the links for the John Hearne and Dark Angel classes for this year.

As a reminder, traveling instructors HAVE to have cutoff dates on their stuff. Having 5 people show up doesn't pay for travel/lodging/etc so if a class interests you do NOT wait to sign up, don't wait to "see if it makes" because 5 or 6 people doing that can cause a class to Not make. Then we get folks asking why they can't sign up the week of the class. As always if you have questions about any specific class get hold of me and I will be happy to answer whatever I can.

Schedule

DTI -John Farnam – Defensive Handgun – 10-11Sept22

https://defense-training.com/store/?model_number=77334229&option=10-11%20Sept%202022%20-%20Shawnee,%20OK

RangeMaster – Tom Givens – 18-20August2023

Modern Samurai Project Red Dot Instructor Course (on sale now limited spots left) 4-5Nov2023

Close

I hope everyone is doing well and staying cool and safe wherever possible. I know with the economy right now is rough for everyone with ammo still being higher than we would like and travel and lodging and food costs Way up. Try to get at least Some training this year because with an out of control economy and a really combative world situation going on training is still important, perhaps more so now. Regardless stay safe and stay healthy.
